ABIOLA ODUYEMI

Product Designer (UX/UI)

Dublin, Ireland · +353 87 000 6960 · abiolaoduyemi@outlook.com · linkedin.com/in/abiolaoduyemi · Portfolio: biolaodu.com

SUMMARY

Product designer with 4+ years designing fintech, marketplace and consumer products for web and mobile, built on five years of brand and marketing design. I take products end to end user research and journey mapping, information architecture and user flows, wireframes and interactive prototypes, usability testing, accessible high-fidelity UI and developer handoff, backed by design systems. Most recently I led design for Ansarr, a two-sided research marketplace, from first screen to Android launch in three months. MSc in Interactive Digital Media.

KEY ACHIEVEMENTS

- Contributed to 40% fewer support tickets and 50% higher user retention by redesigning Sky Capital's core fintech flows for web and mobile.
- Led design of Ansarr's two apps and their shared design system, from concept to Android launch in three months; iOS is in beta.
- Grew from designing for one office to leading design across Sky Capital's branches in Nigeria, Sierra Leone and The Gambia.
- Redesigned Praisetival Ireland's festival website as sole designer and shipped it in two weeks, ahead of ticket sales.

SKILLS

Product & UX: End-to-end product design, user-centred design, user research (interviews, surveys, competitive analysis), Jobs-to-be-Done, personas, journey mapping, information architecture, user flows, wireframing, prototyping, usability testing, A/B testing, interaction design

UI & systems: UI and visual design, design systems, component libraries, design tokens, responsive web, mobile apps (iOS and Android), accessibility (WCAG), light and dark themes

Collaboration: Cross-functional work with engineers and stakeholders, Agile, design specs, developer handoff, design QA

Brand: Brand identity, logo design, illustration, marketing and campaign design

Tools: Figma (components, variables, auto layout, prototyping), Framer, Adobe Illustrator, Adobe Photoshop, Sketch, Adobe XD, Miro, Jira, Notion, HTML/CSS

EXPERIENCE

Lead Product Designer (Contract, part-time) Jun 2026 – Present

Ansarr, Remote

Two-sided research marketplace: researchers fund studies and pay only for approved answers; respondents are paid in Naira.

- Led end-to-end design of two mobile apps, one for respondents and one for researchers, from concept to Android launch in three months (Sep 2026); iOS is in beta testing.
- Built the design system behind both apps: variables for colour, spacing, radius and type, a shared component library, and light and dark themes.
- Designed the payment and trust flows: study pricing and funding with a transparent 15% fee, respondent verification (voice and ID checks), consent, approvals, wallet and withdrawals.
- Designed the waitlist landing page and the launch social campaign.

Product & Graphic Designer Jul 2025 – Present
King's Court, Dublin

- Leading the design of the organisation's new website end to end: sitemap, user flows, wireframes and responsive UI, now in development.
- Design monthly campaigns and visual communications for the organisation's events and programmes.

Junior Product Designer (Contract) Jan 2025 – Jul 2025
Gontrel Ltd, Dublin

- Designed features for a restaurant discovery app that ranks restaurants by user satisfaction, from user interviews to high-fidelity UI.
- Mapped user journeys, built wireframes and interactive prototypes, and ran usability tests to make finding and comparing restaurants simpler.
- Wrote design specs and supported engineers through handoff and design QA.

Product Designer & Graphic Designer Jul 2022 – Oct 2024
Sky Capital & Allied Financial Services, Lagos (hybrid)

- Redesigned onboarding, transaction, reporting and account flows for web and mobile, contributing to 40% fewer support tickets and 50% higher user retention.
- Grew from designing for the Lagos office to leading design for branches in Nigeria, Sierra Leone and The Gambia.
- Validated design decisions with usability testing and Jobs-to-be-Done research, iterating to remove friction.
- Built the component library and visual standards used across web and mobile, and led brand and marketing design for all three markets.

Junior Designer Feb 2017 – Jun 2022
AIICO Insurance, Lagos

- Owned all creative for the Bancassurance channel, insurance sold through partner banks, for five years.
- Produced marketing materials across the company's products and campaigns, in line with brand guidelines.

Earlier: Fine Art Teacher (NYSC), Ibadan Grammar School, 2015 – 2016 · Intern Designer, Lawson Thomas & Colleague, 2013

SELECTED PROJECTS

Praisetival Ireland: festival website redesign praisetivalireland.ie
Sole designer. Restructured the site around the ticket journey, with a video hero, live countdown and lineup, and shipped it in two weeks, ahead of ticket sales.

Luciana: fashion e-commerce with AI virtual try-on shop-luciana.co
Designed the shopping experience and a try-on flow built into the product page, for mobile and web.

Case studies with process and outcomes: biolaodu.com
