ABIOLA ODUYEMI

Product Designer

Dublin, Ireland · +353 87 000 6960 · abiolaoduyemi@outlook.com · linkedin.com/in/abiolaoduyemi · biolaodu.com

PROFILE

Product designer with 9+ years in design: five years creating brand and marketing work in insurance, then 4+ years designing fintech and consumer products for web and mobile in Lagos and Dublin. Takes products from user research, flows and wireframes to tested prototypes, accessible high-fidelity UI and developer handoff, backed by design systems and a strong brand, logo and illustration foundation. MSc in Interactive Digital Media.

KEY ACHIEVEMENTS

- Grew from designing for Sky Capital's Lagos office to leading design across its Lagos, Sierra Leone and The Gambia branches.
- Contributed to 40% fewer support tickets and 50% higher user retention by redesigning Sky Capital's core fintech flows.
- Owned all Bancassurance creative at AIICO Insurance for five years, the channel selling insurance through partner banks.
- Moved from graphic design into product design, completing an MSc in Interactive Digital Media while working as a product designer.

EXPERIENCE

Product & Graphic Designer

King's Court, Dublin | Jul 2025 – Present

- Leading the design of the organisation's new website, from user flows to responsive UI, now in development.
- Design monthly campaigns and visual communications for the organisation's events and programmes.

Junior Product Designer (Contract)

Gontrel Ltd, Dublin | Jan 2025 – Jul 2025

- Designed features for a restaurant discovery app that ranks restaurants by user satisfaction, from user interviews to high-fidelity UI.
- Mapped user journeys, built wireframes and prototypes, and ran usability tests to make finding and comparing restaurants simpler.
- Wrote design specs and supported engineers through handoff and QA.

Product Designer & Graphic Designer

Sky Capital & Allied Financial Services, Lagos (hybrid) | Jul 2022 – Oct 2024

- Redesigned onboarding, transaction, reporting and account flows for web and mobile, used across three countries.
- Validated design decisions with usability testing and Jobs-to-be-Done research, iterating to remove friction.
- Built the component library and visual standards used across web and mobile, and led brand and marketing design for all three markets.

Junior Designer

AIICO Insurance, Lagos | Feb 2017 – Jun 2022

- Designed all creative for the Bancassurance channel: insurance products sold through partner banks.
- Produced marketing materials across the company's products and campaigns, in line with brand guidelines.

Earlier: Fine Art Teacher (NYSC), Ibadan Grammar School, 2015 – 2016 · Intern Designer, Lawson Thomas & Colleague, 2013, working alongside an art director in the Adobe design tools.
