PROFILE

Product designer with 9+ years in design: five years creating brand and marketing work in insurance, then 4+ years designing fintech and consumer products in Lagos and Dublin. Grew from designing for one office to leading design across three countries. MSc in Interactive Digital Media. Pairs user research, flows, prototyping and design systems with strong brand, logo and illustration skills.

EXPERIENCE

Product & Graphic Designer

King's Court, Dublin | Jul 2026 – Present

- Design the monthly visual materials for church events and activities.
- Leading the design of the church's new website, now in build.

Junior Product Designer (Contract)

Gontrel Ltd, Dublin | Jan 2025 – Jun 2026

- Designed features for a restaurant discovery app that ranks restaurants by user satisfaction, from user interviews to final UI.
- Mapped user journeys and ran usability tests to make finding and comparing restaurants simpler.
- Wrote UI specs and worked with engineers through handoff and QA.

Product Designer & Graphic Designer

Sky Capital & Allied Financial Services, Lagos (hybrid) | Jul 2022 – Oct 2024

- Grew from designing for the Lagos office to leading design for the Lagos, Sierra Leone and The Gambia branches.
- Redesigned onboarding, transaction, reporting and account flows for web and mobile.
- Contributed to 40% fewer support tickets and 50% higher user retention through clearer flows and in-app messaging.
- Built the component library and visual standards used across web and mobile.
- Created brand and marketing design for all three markets alongside the product work.

Junior Designer

AIICO Insurance, Lagos | Feb 2017 – Jun 2022

- Designed all creative for the Bancassurance channel: insurance products sold through partner banks.
- Produced marketing materials across the company's products and campaigns.
